

Trinity College Dublin  
Coláiste na Tríonóide, Baile Átha Cliath  
The University of Dublin

## Think about it!

If the 14 lights in the Lobby of the Museum building on Trinity's campus were upgraded from fluorescent to LED, it could have the potential to save 233 Kg's of CO<sub>2</sub> emissions per year.

If 10 similar lobbies upgraded to LED lighting today, CO<sub>2</sub> emissions could be reduced by 2.3 tons annually while reducing the universities Electricity costs.
