### Module Outline

#### Learning Outcomes:

On successful completion of this module students should be able to apply their knowledge to understand problems in the world of politics, by using fundamental concepts and theoretical tools learned in class.

#### Module Learning Aims:

The course has two aims:

1. To equip students with a basic knowledge of the key problems and questions around which politics revolves.
2. To equip students with the fundamental conceptual, theoretical, and analytical tools used in the consideration of political questions.

#### Module Content:

There are 2 main sections in the course. The first section examines issues such as electoral systems, political parties, and public opinion. The second section examines developments in global governance, with a particular focus on themes in European union politics and international relations.

### Assessment

Discussion Point Submission and Tutorial Attendance (weighted 10%)

One short written assignment (weighted 25%)

An End of term final essay assignment (weighted 65%)
